RIOT IN CLEVELAND

Threatening Mob Dispersed by the Police.

SEVERAL SEVERELY CLUBBED.

It Was All the Outcome of a Strike—No One Dangerously Hurt, but Further Trouble Is Hourly Feared—A Joint Workhouse Proposed—Congressional Conventions—Other Ohio State News.

CLEVELAND, July 1.—For nearly a month the strike at the works of the Brown Hoisting and Conveying company has continued with frequent though individual attacks by strikers upon workmen who had taken their places. The police have been patient under the abuse of the idle men, but yesterday for the first time violence was shown the officers, and they dealt the strikers a blow with a heavy hand.

At 5 o'clock in the afternoon 170 employees of the Brown company were marched from the works under the escort of 80 policemen to the car tracks on St. Clair street. A crowd of 2,000 men, women and boys gathered and began hooting and hissing. Two motor cars came along and were signalled to stop, but the strikers yelled "Go ahead, don't stop," and the mob increased their speed and whizzed by. The police then marched the men in their charge a block further away to a corner and halted for another car, the roaring crowd following. Some one in the crowd threw a big stone, which struck Patrolman Keidel and cut his head open.

Deputy Chief of Police McMahon then gave a pre-arranged signal and the crowd was given a terrible lesson. Forty policemen swung into line and the other 40 closed in around the men they were protecting. The first 40, under command of Captain English and Lieutenant Dunn, charged the crowd with riot clubs and they hit to break heads.

Two rushes up the street sent the crowd in that direction flying and left a dozen men lying on the pavement with bleeding heads. Then the police charged twice in the opposite direction and then down a side street, using their clubs vigorously. They scattered the crowd effectually and arrested four of the ringleaders, after splitting the scalp of one of them.

In the meantime the police guarding the men stopped the car almost by force and sent their charges away. No one was dangerously hurt by the clubbing, so far as can be ascertained, but there are scores of broken heads. Serious trouble is feared, and a heavy guard of police will be on the ground hereafter.

CAUGHT IN A TRAP.

A Murderer Confesses to a Woman in the State's Employ.

AKRON, O., July 1.—Just before the state was ready to rest its case in the Cottell trial, Deputy Sheriff Hart was called to the stand, and the most dramatic sensation of the trial was sprung. Hart gave the details of a conversation the previous night between Cottell and a mysterious woman, who has been visiting the prison every day for a week. During this conversation Cottell admitted his guilt, and gave all details of the crime, as in his previous confessions, which he has since repudiated.

The woman has been in the employ of the state, and by bringing fruit and flowers and by various other feminine ways, has secured the confidence of Cottell. Four deputy sheriffs concealed themselves in the corridor, and the woman wormed the statement out of Cottell. The woman's identity is being kept carefully hidden. Hart's testimony was supported by the three others.

Joint Workhouse Proposed.

WEST UNION, O., July 1.—A movement is on foot to build a workhouse at Portsmouth for the accommodation of the counties of Adams, Pike, Jackson, Lawrence and Scioto. It is estimated that the expense to the counties of maintaining would be less than half what it is under the present arrangement of sending prisoners to the Cincinnati workhouse. The scheme is meeting with favor with the municipal authorities in the various towns throughout the counties named, and it is thought the matter will reach tangible shape in a few weeks.

All Closed Down.

YOUNGSTOWN, O., July 1.—All the rolling mills through the Mahoning valley shut down at the close of the night turn yesterday by reason of the expiration of the wage scale of the Amalgamated association. Both employers and employees are hopeful that at the adjourned meeting of the scale conference, to be held here July 9, an amicable agreement will be reached on the wage scale.

Democrats in the Fifth District.

TOLEDO, July 1.—The Democrats of the Fifth Ohio district, at Napoleon, O., nominated Mayor David Meekison of Napoleon for congress after being in session for 15 hours. Meekison is a free silver man, though a banker. William Kunneke and H. W. Jacob, both free coinage advocates, were elected delegates to the Chicago convention.

Declared a Draw.

CLEVELAND, July 1.—The 10-round fight for points between Solly Smith of San Francisco and Johnny Lavack of this city, at Red Cross, last night, was declared a draw. The men were evenly matched and the contest was a spirited one. A large crowd witnessed the exhibition.

PENSION FRAUDS CENSURED.

Violators of the Law Get No Sympathy From the Present Administration.

WASHINGTON, July 1.—The president has always shown a disposition to deal severely with persons who defraud pensioners and otherwise violate the pension laws, and this tendency is well exhibited in his action upon three applications for pardons in such cases, taken just before his departure from the capital. These were the cases of Andrew J. Rooks of Georgia, Paul A. Marcellino of New Mexico and Stephen O. W. Brandon of Tennessee, all convicted of offenses against pension laws.

The president denied the application in each case, and his endorsements sufficiently indicate the repugnance he feels for this class of offenses.

In the case of Marcellino, the president writes: "This convict was guilty apparently of nearly all the crimes and frauds denounced by our pension laws. He seems in every way possible to have cheated and swindled ignorant pensioners and imposed on the government. The punishment meted out to him was well deserved and I can not yield to the unthinking and irresponsible appeal for his pardon."

As to Rook's case the president wrote: "This convict personated a dead soldier and through that means procured a pension and robbed the government. He was justly dealt with by the court and should suffer all the punishment awarded to him."

The endorsement upon the application for Brandon's pardon reads: "Denied. I am unwilling to pardon those who, in violation of our pension laws overcharge applicants for pensions for the services they render in substantiating their claims."

The president denied applications for pardon in the cases of Meridith, C. S. O. Sullivan, sentenced in Pennsylvania to one year imprisonment for embezzling money from letters, and Daniel E. Tilton, sentenced in New Jersey to one year imprisonment for a like offense.

In his endorsement in these cases, the president says: "The wrongful appropriation of public funds by postmasters is growing to be alarmingly common. I can not overlook the fact that in cases of this kind the integrity and safety of our postal service is apt to be impaired by an improvident exercise of clemency. Embezzling money from letters entrusted to those employed in the postal service is far too common and, inasmuch as the government must rely very greatly upon the honesty of its employees in this important branch of the public services, I do not think those convicted of crimes against our postal laws should be pardoned in a case where the sentence is so moderate and the reasons now urged are so inconclusive."

The president has denied the application for pardon in the case of W. S. Johnson sentenced in Georgia to 18 months imprisonment and \$1,500 fine and costs for scheme to defraud and conspiracy, and Thomas M. Searcy sentenced in Alabama to one year and one day imprisonment and fine for fraudulent use of the mails.

MANOA COMPANY OUT OF IT.

Venezuelan Cabinet Grants the Claim of British Capitalists.

NEW YORK, July 1.—A dispatch to The Herald from Caracas says: A special cabinet meeting was held on Friday, at which it was decided that the title of Mr. George Trumbull, representing British capitalists, to valuable iron mines situated near the Delta territory was perfect. This is regarded in official circles as a death blow to the Manoa company.

Commenting on the above dispatch The Herald says: "The Manoa company of Brooklyn was organized about 10 years ago. It received a large grant of land in Venezuela, near the territory which is now claimed by the governments of that republic and of Great Britain, from General Guzman Blanco. The land which was thus conceded included an asphalt lake. The concession was afterward withdrawn, but through the efforts of Donald Grant of Faribault, Minn., was soon restored."

"The company was unsuccessful in its enterprise, however, and in August, 1895, a meeting of creditors and bondholders was held in this city. They found that the company possessed no money and had a floating debt of \$50,000 and a mortgage debt of \$2,000,000. A motion made before Judge Clement of the supreme court in Brooklyn in February last by one of the stockholders to appoint a receiver was granted by the court. James A. Radcliffe was appointed receiver."

Mills Closing Down.

FALL RIVER, Mass., July 1.—The Wampanoag mills have posted notices announcing a shutdown next Friday night until July 20. The Flint mills will close July 11 for two weeks. Messrs. Rounsville & Baker of the Arkwright club said that it would be impossible to make a definite statement as to the number of spindles here that would be idle, but thought it would reach 2,000,000.

Mulespinner Cuts His Throat.

FALL RIVER, Mass., July 1.—John Connelly, a mulespinner, cut the throat of his 24-months-old son and then cut his own throat yesterday. A razor was used and the neck was severed to the spinal column. Death was instantaneous in both cases. The wife found the bodies when she entered the house. Despondency was the cause of the act.

Want Cecil Rhodes Back.

BULUWAYO, July 1.—The chambers of mines and of commerce are organizing a meeting here to petition the British South Africa company to reinstate Cecil Rhodes, whose resignation was accepted last week.

REDUCED IN NUMBER

Only Fifty-Nine Men Imprisoned in the Pittston Mine.

NO DEAD BODIES RECOVERED.

The Rescuers Are Still Six Hundred Feet From Where the Bodies Are Supposed to Be—An Appeal For Funds to Mining Corporations and All Others in the Union.

WILKESBARRE, Pa., July 1.—There are 59 men, living or dead, imprisoned in the depths of the doomed mine. This is the official number and there is no reason to think it incorrect. The wives of five Hungarians declare that their men, too, are in the mine, but this is disputed by the timekeeper, who says that the Huns drew their pay last week and went to Pittsburg to work in the soft coal mines. They simply deserted their families, but their wives will not believe it.

The pit where the men are supposed to be is still 600 feet beyond where the rescuers are at work. The gas is not so bad as it has been and there is no water flow in the mine. The miners have come across a number of tools of various kinds which had been used by the miners.

The bore hole which was started in the Clear Spring mine, which adjoins the Twin shaft, to pierce the 100 feet of solid coal between the workings of the two mines, has not proved as successful as was hoped. When the drill was in about 35 feet it struck rock and had to be abandoned.

A new hole was then started. Calculations were made from the maps of both collieries and it was hoped that the figuring would be so close as to bring the hole out into the workings of the Twin colliery. A diamond drill is being used and it is estimated that the job will require 36 hours, if all goes well. If, when the hole is drilled through this barrier from the Clear Spring mine, no water is found on the other side, the hole will be enlarged so as to admit a man's body and experiments may be made from that end.

If the cave-in does not extend to that end of the mine, rescuers will start in from that point. They will have to go at the least calculation about 100 feet to where the men are understood to be. Then they will strike the fall under which the men are and will begin digging. In case, however, that this area beyond the Clear Spring is also affected and "squeezing" the rescuers would not dare venture in beyond the barrier, and to pursue the search they would have to begin timbering and propping, as the men on the other side are doing.

This work would have to begin at the point where the roof begins to threaten and the length of time occupied in reaching the cave where the men are would depend upon the condition of the slope. If all of the roof is "squeezing" the work would be well nigh useless, as 2,500 feet would have to be timbered. Superintendent Lawall has addressed a letter to the local press association, requesting assistance in the appeal for funds to mining corporations and all others in the union.

GONE TO GRAY GABLES.

President Cleveland Has gone on His Summer Vacation.

WASHINGTON, July 1.—President Cleveland has left Washington to spend the summer with his family at Gray Gables. With him went Private Secretary Thurber, whose wife and children are at Marion, across the bay from the president's summer home.

During the president's absence from Washington, official business will be conducted in the same manner as if in the White house. Official communications will be received and entered on the records there, and a special mailbag will go over each day to Buzzard's Bay.

Before leaving for Gray Gables the president appointed the following United States consuls: William Coulbourn Brown of Maryland at Newcastle, N. S. W.; Thomas Willing Peters of Wyoming at Plean, Germany, and George Sawyer of Connecticut at Glauchau, Germany.

All three of these positions were raised from commercial agencies to consulates by the existing congress. Mr. Peters and Mr. Sawyer were the incumbents respectively of the Plean and Glauchau agencies, and attain higher rank without change of residence. The commercial agency of Newcastle was vacant.

Big Blaze in Brooklyn.

NEW YORK, July 1.—Fire broke out at about 12:30 o'clock this morning in George W. Pipers Long Island Kindling Wood factory, situated at Ash street and Newton creek, Brooklyn. The flames quickly extended to the extensive lumber yards of E. C. Smith and from there to Ritchie, Brown & McDonald's iron works, Post & McCord's iron works and Braun & Bainbrick's asphalt works. These buildings, with a number of other smaller establishments, on the block bounded by Ash street, Page avenue, Place street and Newton creek were completely destroyed entailing a loss of \$250,000.

Died From a Snakebite.

MIDDLESBORO, Ky., July 1.—James Wade of Claiborne county was bitten by a copperhead snake and died in great agony some hours later.

Died of His Injury.

BEDFORD, Ind., July 1.—Charlie Brennan, the boy who lost a leg while attempting to get on a freight train one week ago, is dead.

THE NICHOLSON LAW DEFIED.

The Hammond (Ind.) Saloonkeepers Will Sell Liquor on Sunday.

HAMMOND, July 1.—The 70 odd saloonkeepers of this city have agreed to disregard the Nicholson law so far as the Sunday closing clause is concerned. Since the supreme court handed down its decision 10 days ago, upholding the law, there has been considerable speculation as to what course the saloon men would take, and during all of last week it looked as though they would throw up their hand and cry quits. Promptly at 11 o'clock every night the saloons were closed and the curtains were drawn to one side, showing to the public that so far as the 11 o'clock clause was concerned it was being obeyed. Not a saloon in town remained open after legal hours, and for one week Hammond was a model city in this respect.

The good citizens hoped that this was but the beginning of legal observances, but on last Sunday, however, not one saloonkeeper in 10 obeyed the law. Of course, many of the front doors were closed, but in such cases the side curtains were up and the side doors were largely in evidence. Some of the saloon men did not even take the trouble to close their front doors, and at least three saloons on one of the principal corners left their doors wide open and invited the public to enter and patronize the bar.

Nor was there any effort made by the authorities to enforce the law. When an officer was asked what steps had been taken regarding the matter he answered that he had received no orders from his superiors, and he would not interfere until he had been advised. The grand jury will not meet again until next November, and it is feared nothing can be done until then, unless the mayor can be prevailed upon to issue a proclamation and enforce it by police authority. An effort will probably be made to have this action taken, but those who are in a position to know say that nothing will be done.

From other sections of the county come reports of the successful enforcement of the law. The temperance people at Hobart are jubilant over the decision of the supreme court, and the same might be said of other localities in the county.

CONDUCTOR'S FATE.

Ground Under the Trucks of a Moving Freight Train.

GREENFIELD, Ind., July 1.—N. H. Barnett, conductor on an eastbound freight train, was almost instantly killed in the yards here yesterday. He was in the act of mounting his train when his foot slipped and he fell under the car. One pair of trucks passed over his body, and he was dragged several feet before the train could be stopped. Mr. Barnett was 45 years old, and he leaves a wife and two children, who live in Indianapolis.

Barnett had been in the employ of the Pennsylvania Railroad company nearly 30 years, and the company had almost decided to retire him soon on half pay for life. He was one of the best known, most trusted men in the company's employ. His home was in Johnson avenue. After the coroner's inquest the body will be shipped here.

Fight Follows a Sermon.

FARMLAND, Ind., July 1.—After services had closed at the North White River church, six miles from this place, there was a general fight, in which several men and boys participated. During the fight John Moser was fatally stabbed by John Jemerson, and several others were cut. During the melee women and children fainted, and had to be carried from the church. An old feud between an officer and a leader of the gang caused the trouble.

Grasshoppers Gorged to Death.

WABASH, Ind., July 1.—On the farm of Daniel Lizer, in the southeastern part of this county, the grasshoppers have ruined a 12-acre field of timothy, eating it up, head, stalk and root. The singular part of the matter is that though there are two or three green meadows near the timothy, the hoppers have not touched them. Mr. Lizer states that millions of hoppers are lying dead in the timothy field, and he thinks they ate too greedily and died.

Cattle Starving to Death.

PRESCOTT, A. T., July 1.—Cattle are dying from starvation in all directions on the ranges of Arizona, the lack of feed being due to the drouth. The greatest loss is in the Verde country, eastward from Flagstaff, and to the southward in the Skull valley ranges, where the animals are dying by the thousands. In the latter region the mesa is reported to be entirely bare, and the loss will be unprecedented.

Queer Explosion in the Water.

PORTLAND, Ind., July 1.—Two boys drove a team of horses and wagon into the Wabash river, near Geneva, to give the outfit a washing off. Suddenly there was an explosion, which killed one of the horses, threw one of the boys 25 feet and shocked persons along the bank. It is supposed the horses stepped on a bottle filled with nitroglycerin which was intended to dynamite fish.

Fatally Shot.

WABSAY, Ind., July 1.—At Pierce-ton last night William Brower shot and fatally injured his brother-in-law, Charles Gibson. Both men, it is claimed, were intoxicated, and were quarreling over a fishing expedition.

METZ, July 1.—Fire in the arsenal near Fort Moselle caused a partial explosion which killed several persons and seriously injured many.

DYNAMITE CAMPAIGN

Proposed Program of the Insurgents in Cuba.

THE DESTRUCTION OF CITIES.

Private Buildings and Property Owned by Spaniards Who Are Opposed to the Independence of Cuba Will Be Sacrificed as Well as the Public Edifices Occupied by the Spanish Sympathizers.

NEW YORK, July 1.—The Herald says: Several Cubans who arrived here from Havana on the steamer Saratoga, brought with them copies of a warning circular addressed to Cubans, informing them that during the summer there would be many explosions in the towns of the island, caused by dynamite.

The circular advised all Cubans to abandon the threatened region while this campaign of destruction was in progress. The circulars, in Spanish, were dated June 15, and were printed upon white tissue paper. Many thousands of these were said to be in circulation in and about Havana when the steamer left the port.

At the Cuban junta headquarters it was said that the destruction of Havana in this way had been under contemplation for a long time, and that private buildings and property owned by Spaniards who are opposed to the independence of Cuba would be sacrificed as well as the public edifices occupied by the Spanish.

Time Extended.

HAVANA, July 1.—Captain General Weyler has yielded to insistent requests to extend the time for remaining in the island allowed to Jose Ysenage, the American newspaper correspondent sentenced to banishment until August.

ENGLISH GREED TO BLAME.

An Educated Zulu's Reasons For the Matabele Uprising.

NEW YORK, July 1.—John L. Dube, a native Zulu, has just arrived from Africa. He is the grandson of a chief of his tribe and a son of the first native preacher of Christianity in South Africa. Mr. Dube has come to this country to complete his theological studies so that he may enter the field as a missionary to his own people.

"My grandfather was," he said, "one of the chiefs of the tribe under Chaka, the cruel head of the Zulu nation. I am told that my grandfather was very popular with his people and that Chaka, on account of this great cruelty, was extremely unpopular. In this way my ancestor incurred the enmity of his superior and the latter plotted to kill him. He and his men were treacherously attacked and killed. My grandmother fled with my father to Natal. He became a Christian and refused the chieftainship of his nation."

Of the Matabele uprising he said: "This has been caused by the treatment given to the natives by the English. Rhodes and the other officials of the South Africa company, we have found by fearful experience, are trying to put all they can in their own pockets by killing and plundering us. I am afraid that unless the company changes its methods of treating the natives there will be war for many years to come."

TO GUATEMALA

The Tehuantepec Railroad Will Be Extended at Once.

COATZACOALCOS, Mex., July 1.—All preparations have been made by the Guatemala Colonization and Railway company for the immediate construction of the railway connecting the Tehuantepec National railway with the city of Guatemala.

The company has just made a guarantee deposit of \$50,000 in 3 per cent bonds of the national consolidated debt with the national treasury of Mexico that the terms of the concession will be carried out. The amount of the guarantee deposit was placed by the First National bank of Chicago.

Berry Pickers Instantly Killed.

OAKDALE, Mass., July 1.—A party of four berry pickers who were walking on the trestle of the Massachusetts Central railroad here yesterday were overtaken by a train, and two of them, Eliza and Anna Auger, were instantly killed. Alexander Auger, their uncle, was severely hurt about the head, and Jeanne La Forme, the other member of the party, sustained a fracture of the leg. The three girls are each about 12 years of age.

Picnickers Drowned.

TEKAMAH, Neb., July 1.—Misses Jessie Kelso and Sadie Reese and John Sampson, part of a picnic party, were drowned in the Missouri here last evening. The boat they occupied was swamped. But one member of the party was saved, he clinging to the boat. Their bodies were swept away by the strong current.

Names For Temporary Chairman.

CHICAGO, July 1.—The national Democratic committee will meet Monday to select temporary officers of the convention. Among the names suggested for the temporary chairmanship are those of Senator Hill of New York, Senator Vilas of Wisconsin, Senator Gray of Delaware, and Hugh C. Wallace of Washington.

VALPARAISO, Ind., July 1.—Zeb Maxwell, 22 years old, of Tassinong, was fearfully mangled by a runaway yesterday by falling in front of a mowing machine. He was cut in 50 places. His injuries will prove fatal.

This is a great year for splits in political parties. The Prohibition party split on the silver question, the Republican party followed suit, and the Democratic will doubtless do likewise.—Sharpsburg World.

The money problem is not a party question. That accounts for the splits.

The Ledger had a double-headed, double-headed article yesterday telling about the "confidence already inspired by the St. Louis platform." But here are headlines of press dispatches dated yesterday also that seem to tell a far different tale:

Sleep

Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

THERE was a small blaze at the Maysville Cotton Mills yesterday morning, causing considerable excitement among the employes, but the damage was slight. The fire was extinguished without the aid of the fire department.

THE annual report of the Secretary of the Union Trust Company is published elsewhere in this issue. The total resources amount to over \$70,000. The company has declared a dividend of 7 per cent. payable July 1st, and in addition to this has added \$500 to its surplus, and still has over \$2,500 undivided profits. It really earned a net dividend of 10 per cent. the past year, 7 of which will be paid July 1st.

SOME two years ago my wife took out a policy for \$105, costing 5 cents per week premium, with the Sun Life Insurance Company. She died Saturday evening, June 27th, and I received the amount in full Tuesday morning, June 30th. I take this method of thanking the Sun Life and their manager here and can heartily recommend them to all who desire safe and reliable insurance.

WE desire to call attention of the citizens to the services at the Aberdeen M. E. Church next Sabbath eve. The sermon will partake of the spirit of Independence Day. Patriotic songs will be sung. The subject of the sermon will be "The Patriotism of the Twentieth Century, or The Newer Citizenship." We invite all our citizens to worship with us and renew their pledge of loyalty to "the land of the free and the home of the brave." A generous welcome to all.

Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills free, as well as a copy of Guide to Health and Household Instructor, free. All of which is guaranteed to do you good and cost you nothing. J. James Wood's drug store.

If You're Rich Enough

To buy a Ferris wheel for a bicycle you won't be very much interested in what we're going to tell you, but if you aren't that well-to-do—if you have to watch the pennies and dimes so that you'll have some dollars to look after, LEND US YOUR EAR.

WASH GOODS—Never was a time when these dainty fabrics were so cheap as now. Lawns, cambrics, dimities, jacanets, percales and hosts of other weaves at about loom prices. You would be surprised to see the handsome dimities we are selling for 5 and 10c. the yard, the same goods that sold earlier in the season for 10 and 15c.

LAUNDERED SHIRT WAISTS—Could take up our entire advertising space telling you about them and then not do justice to the stock. A ten minutes inspection will impress you more than columns of description. You can have your choice of all our 50 and 75c. waists for 38c. and our \$1.00 and \$1.25 one's for 69c.—worth coming to see aren't they?

OUR CORSET CUSTOMERS—Stand by us; are you one of them? We sell none but the well-fitting makes. We study your corset needs. If you buy a corset here and it does not suit you in every way, bring it back; this corset stock of ours is run for the benefit of our patrons. If we please them it's bound to be remunerative to us. We have more than a dozen different makes and styles from which to select.

YOU'LL NEED A FAN—Before a great while. Our summer equipment takes in about everything that is worthy in fan architecture; there's a young hurricane folded in each one of them, and the prices are very low. You should see our dainty little empire fans, they are town talk and are going in a gallop at 5, 10, 15 and 25c. each.

SUCH PARASOL SELLING—As we're doing has seldom been seen in this "neck of woods." Had to buy big lots to get the maker's "clean-up" prices, but quantity doesn't frighten us when everything else is right. Imagine us selling an English silk parasol, size twenty-six inch, steel rod, paragon frame and Congo handle for \$1.19. Cheap isn't it?

FOR MEN'S WEAR—Men appreciate a bargain once in a while. We picked from our men's furnishing stock, several lots of men's summer wearables, and we're going to give you a bargain benefit for the next few days. You know a good thing when you see it; come in and inspect these. Our 75c. unlaundered shirt for 50c., our 25c. tan or black sock for 15c., our 35 and 40c. underwear for 25c. and our 40 and 50c. suspenders for 25c.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.

THE CHINCH BUG.

It Has Attacked the Corn in This County—Another Insect After the Melons.

The chinch bug is causing many complaints from the farmers of the county.

This pestiferous insect, now that the wheat has been harvested, has turned its attention to the corn.

Our correspondents throughout the county make mention of this to-day. Thousands of these bugs are reported in the cornfields, but much of the corn has reached a stage where the insect can do it little injury.

The melon growers are greatly worried also by the ravages of a small green bug or louse. It has attacked the canteloupe and cucumber vines and has done these crops serious damage. The prospects were never finer for a big melon crop until this insect struck the vines.

The melon growers are trying to find some poison that will put a stop to these insects, but have not succeeded so far. Poisons that put a quietus to the average insect don't effect these little green bugs.

DEKALB Lodge No. 12, I. O. O. F., elected officers last night as follows:
N. G.—W. R. Warder.
V. G.—Jos. H. Dodson.
Secretary—John W. Thompson.
Treasurer—W. H. Cox.
Host—John W. Thompson.

M. F. Marsh, E. A. Robinson and Allan D. Cole were appointed Finance Committee.

MISS AGNES DODSON, a graduate of St. Francis de Sales Academy in the class of 1893, was matriculated into the art department of the Conservatory of Music, Cincinnati, a rare instance, if ever before in this famed institution on the entrance of a novice, and reflects great credit upon the proficiency of her Alma Mater as well as upon herself. The Cincinnati Enquirer, of June 30th, announcing the "brilliant performance of the Eighth Conservatory Concert," the evening before, speaking of this young lady says: "The next number was a graceful valse caprice of Jensen played with delicacy and feeling by Miss Agnes Dodson, of Maysville, Ky." Miss Dodson was awarded a first-class certificate in the graduating class of 1896.

LOUISVILLE TOBACCO MARKET.

It Has Remained Firm and Active, With Advancing Tendency For Colory Types.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 3,873 hhds. with receipts for the same period 3,747 hhds. Sales on our market since January 1st amount to 90,423 hhds. Sales of the crop of 1895 on our market to this date amount to \$6,269 hhds.

The market has remained firm and active with an advancing tendency for the colory types of burley tobacco running through all the grades, while the medium to good red fillers have been weaker than at any time during the year.

The following quotations fairly represent our market for burley tobacco (1895) crop:

| | |
|----------------------------------|--------------|
| Trash (dark or damaged)..... | 1 00@ 1 50 |
| Common colory trash..... | 2 00@ 4 00 |
| Medium to good colory trash..... | 4 00@ 6 00 |
| Common lugs, not colory..... | 2 00@ 4 00 |
| Common colory lugs..... | 4 50@ 7 00 |
| Medium to good colory lugs..... | 7 00@ 9 00 |
| Common to medium leaf..... | 5 00@ 8 00 |
| Medium to good leaf..... | 8 00@ 12 00 |
| Good to fine leaf..... | 12 00@ 15 00 |
| Select wrappery leaf..... | 15 00@ 20 00 |

The above quotations are not applicable to green and frosted crops.

IN MEMORIAM.

On Sunday morning, June 21st, 1896, at forty-five minutes past 5 o'clock, departed this life the beautiful spirit of Mrs. Geo. Myall. Always sad, death is sometimes robbed of its terrors by premonition of its coming, and so it was with her. She realized the end was near, and closing her eyes as if asleep, sank peacefully away to meet her Maker and her Judge.

Deceased was born August 5th, 1837, and at the age of nineteen became the devoted wife of Mr. Geo. Myall. She was the mother of ten children, seven of whom survive her. Surrounding her dying bedside were her grief-stricken husband and devoted children until the angel came and to heaven bore the beloved wife and mother. Her departure from our midst to her heavenly home, is the call of Him who doeth all things well and bereaved ones, although you mourn the loss of one so dear, it is a consolation to know she is now at peace with her Saviour. When thinking over the past I remember how pleasant the hours were that I spent with her in her beautiful country home, among flowers she took such pride in. No one ever visited her home that did not speak in the highest terms of the generous hospitality and good cheer displayed there. She took great interest in her home, her friends, her town, her church. She was truly a good Christian and a faithful servant of God. Her quiet, modest life endeared her to all who knew her. As she lived so she died, loved by all. But God's will must be ours, and when we think of the trials of this earth and the sweet home beyond the grave, should we murmur one word to give up our loved ones? In life she had a countenance strong and full of character; in death still more beautiful, expressive of sweet peace.

Her funeral took place from the Christian Church at Mayslick, of which church she was a devoted member. At the end of the services the pastor Rev. Tindler spoke in eloquent words the noble womanhood and true Christian character of the departed. She now lies peacefully sleeping in the quiet little cemetery at Mayslick, near her old home, and with moist eyes we look at the mound where she rests, and with loving hands scatter flowers thereon. The years may come and go, as they will; they may bring whatever fortune He thinks best, our sojourn is but short, and the grave is no one's home. It is only the resting spot from which the soul makes its flight to other climes. Our tears for the departed will keep the grass of the cemetery green, but behind the tears of separation is the hope of reunion. And what is life here but a toilsome and a burdensome day? The light of the night in which no man can work; after that the new life and the sweetest life in the presence of God. M. H. C. June 22nd, 1896. Maysville, Ky.

The pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depend upon what he gets out of his food. This depends on his digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness and "heartburn." The "Pellets" are very gentle in their action. They simply assist nature. They give no violent wrench to the system. They cause no pain, nor griping.

Send 21 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Cure For Headache.

As a remedy for all forms of Headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Only fifty cents, at J. James Wood's drug store.

Gladness Comes

With a better understanding of the physical nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ANNOUNCEMENT.

WE are authorized to announce W. LARUE THOMAS, of Mason County, a candidate for Congress from this, the Ninth, district, subject to the action of the Democratic party.

At Ruggles' Camp Ground,

SATURDAY, JULY 4th, at 10:30 a. m., the following privileges will be let to the best bidder: Hotel, Confectionery, Stable, Baggage Room and Barber Shop. The board reserves the right to reject any or all bids. The meetings on these beautiful and much improved grounds will be held beginning July 25th and closing on August 9th. Eminent Divines will be present. Rev. A. B. Leonard, of Ashland; Rev. Thomas Hanford, of Covington; Rev. M. Swadener, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired. A 14-room house has been built with porches all round, making accommodations for any and all comers. The Tabernacle has been enlarged. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 100 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total Solids, 3.6 to the liter; Soluble Salts, 3.16 to the liter; consisting of Chlorides and Sulphates of Magnesium, Sodium and Potassium; Insoluble Salts, 0.44 to the liter, consisting of Calcium Carbonates with traces of Iron. The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write I. M. LANE, Maysville, Ky.
